IN 2024, BE BY OUR SIDE AND PLAY A PART IN THE SUCCESS OF A EUROPEAN EVENT FOR WINE EDUCATION

From 22th to 24th May 2024, EPLEFPA les Sillons de Haute-Alsace invites the 130 or so European institutions that are members of the network of European wine schools to meet in Alsace!

Working for 50 years to create networking conditions and maximise synergies between its members, a congress is traditionally held every two years in another country. Stricken like everyone else by the Covid19 health situation, these institutions recognized beyond their borders are looking forward to this meeting since 2018.

A three-day programme now awaits them, combining reflection on the issue of generational renewal theme, networking and discovery of local know-how and terroirs. The event, and its organisation only taken over by our school in the very last days of November 2023, represents both a challenge and an very unique opportunity for the field's players to be part of a European dynamic, reflecting on the future, meeting new partners and developing future projects on a European scale.

The EPLEFPA Les Sillons de Haute-Alsace is now in the process of defining and consolidating the programme, connecting with speakers, planning the venues and accommodation for hosting your representatives. Therefore, in order to ensure the success of this event, we are looking for your participation and support in honouring our pairs, the profession and representing Alsace in the search for sustainable dynamics.

Director Les Sillons de Haute Alsace
